ABOUT ME

Detail-oriented **QA Engineer** with a strong foundation in both manual and automation testing. Experienced in crafting comprehensive test plans, writing robust test cases, and executing performance, API, and UI tests using tools like *JMeter*, *Postman*, and *Playwright*. Skilled in CI/CD implementation with *GitHub Actions* and *Jenkins*, and adept with cloud platforms like *AWS* and *GCP*. Proficient in programming with experience in *Python* and *Bash* Scripting, web development using *PHP Zend* and *Laravel* Framework and API development using *Express.js* and *FastAPI*. Adept at leveraging tools and technologies like *GraphQL*, *REST API*, *SQL* and *NoSQL* for data-driven solutions. Skilled in documenting complex systems and transitioning seamlessly into QA roles. Currently pursuing opportunities to combine technical ability with meticulous attention to detail in ensuring software quality.

City: Maitighar, Kathmandu | Country: Nepal | Website: <https://www.tcioe.edu.np/>

WORK EXPERIENCE

🏢 *FleetPanda* – California, United States

Quality Assurance Engineer

[15 Apr 2025 – 9 Jan 2026]

- Conduct end-to-end testing of the Order Pipeline module—covering order creation, dispatch, and invoicing.
- Designed automated test scripts using Playwright for regression and smoke testing.
- Performed API and performance testing using Postman and JMeter.
- Collaborated in Agile ceremonies and worked closely with developers and product managers.
- Tracked and triaged defects using Jira and contributed to release readiness.
- Maintained detailed QA documentation and test repositories.
- Improved CI pipelines by integrating automated tests into Jenkins and GitHub Actions.

🏢 *LogPoint Nepal* – Jawalakhel, Nepal

Software Documentation Specialist

[6 Jul 2022 – 11 Apr 2025]

- Understand the enhancement tickets on JIRA
- Walkthrough over the Application
- API endpoints testing and documentation
- Raise a bug ticket or report through prevailing ticket to respective developers
- Generate Release Notes
- Update the user manuals with information about enhancements
- Prepare presentations and know-how demo videos for the product demonstration to new hires.
